

# About ESPZEN

ESPZEN is an organisation dedicated to revolutionising amateur football and futsal in Singapore. Every member of ESPZEN is an avid fan and player, and therefore understands the crucial elements required to implement successful, professional amateur football and futsal leagues and cup tournaments.

ESPZEN exists today as a result of our passion and drive, to see through a mission to:-

- Bring a sporting and healthy culture into the everyday lives of busy locals and expatriates;
- Provide amateurs and budding footballers opportunities to enjoy and benefit from professionally managed leagues and tournaments; and
- Promote the world's most popular sport as a platform for professional and social networking.

Since our inception in May 2004, we have not only forged strong partnerships with Singapore Sports Council (SSC), Football Association of Singapore (FAS), Singapore Sports School (SSS) and Singapore Cricket Club (SCC), we have also experienced exponential growth! From running just one league with 11 teams when we first started, we now organise multiple leagues and tournaments for over 200 teams!
